Professional Summary

Software Engineer with hands-on experience in Java, SQL, and full-stack development for designing, developing, and deploying scalable web applications. Built RESTful APIs, integrated responsive front-end interfaces, and optimized database operations to enhance performance, improve user experience, and support efficient, reliable software delivery.

Education

IIMT COLLEGE OF ENGINEERING | Oct 2022-Jun 2026

Bachelor of Technology in Computer Science and Engineering | Greater Noida, U.P., India | 7.58/10

Technical Skills

Programming Languages: Java, Python

Frontend: HTML, CSS, JavaScript, Bootstrap, React.js

Backend: Spring Boot (Basic), REST APIs

Database: MySQL (CRUD, Joins, Queries)

Tools: Git, GitHub, Postman, IntelliJ IDEA, VS Code, Netlify

Soft Skills: Communication, Teamwork, Problem Solving, Time Management, Adaptability

Projects:

Employee Management System | Java, Spring Boot, MySQL, HTML, CSS, JavaScript

- Developed a full-stack web application to manage employee records, including attendance, roles, and salaries.
- Designed RESTful APIs in Spring Boot and implemented CRUD operations to handle employee data securely and efficiently.
- Built a responsive UI with HTML/CSS/JS, enabling HR teams to easily add, update, and track employee information in real time.

OTT Streaming Platform | HTML, CSS, JavaScript, React.js, API Integration

- Created a dynamic OTT web platform featuring trending movies, series, and category-based content filtering.
- Integrated third-party APIs to fetch real-time media data, improving the browsing experience with seamless navigation.
- Implemented user-friendly search, watchlist, and content-details pages with a responsive UI across all screen sizes.

E-commerce Website (Figma to React Conversion) | React.js, HTML, CSS, JavaScript, Bootstrap

- Converted a high-fidelity Figma design into a fully responsive, pixel-perfect React-based e-commerce frontend.
- Implemented multi-page navigation (Home, Products, Product Details, Cart) using React Router for smooth user experience.
- Built reusable UI components and responsive layouts to ensure consistent design across all screen sizes and devices.

Leadership / Extracurricular

- Hackathon Participation:** Took part in multiple national- and college-level hackathons, gaining hands-on experience in solving real-world problems under time constraints.
- Event Volunteer, Technical Event management:** Assisted in organizing and managing the Alumni Meetup Event at IIMT, facilitating smooth logistics and guest coordination.

Certifications

- Java Full Stack Development – Croma Campus | Jun 2025 – Aug 2025
- Introduction to Java – Solo learn
- IoT using Thing Worx – DCS | Oct 2022 – May 2023
